

Linda,

Just a little note to inform you of my sincere gratitude for G-II's assistance in putting together my first Purchase Contract. I was able to receive all the support, knowledge, and necessary language to make it work! I believe G-II's went well beyond his call of duty and I'm very grateful and it is much appreciated.

The listing agent in the transaction was very impressed with the contract, especially with Coldwell Banker and their attorneys' Addendum (G-II).

If you have any questions, please give me a call.
