I am writing to let you know what a great experience I had with G-II and Lori as my realtors in the purchase of my home in Arizona. I have been in the real estate business for about 30 years as an escrow officer for several title companies so have had lots of experience working with realtors. These two are real gems. I was impressed with their quick responses to my requests and needs, their professionalism, knowledge, and overall positive attitudes especially knowing how busy they must have been in that crazy market out there. I was purchasing this home in Surprise from Minnesota and felt confident that they take good care of my needs. They were showing my daughter homes out there for me and kept me in the loop at all times with no lag time in between. My daughter, Julie really enjoyed the experience with them also.

Without a doubt, I would not hesitate to use them again to either buy or sell.
